

# R&D Solution for the Chemical Industry

*Bringing Value to Your Business*

Free  
Limited Seats

Join the seminar and gain key insights to enhancing the value of your existing business and harnessing future opportunities through R&D

## Topic to be presented

- Computation and Characterisation
- Process Innovation
- Formulation Technologies
- Functional Product and Polymer

For the first time, we will introduce **R&D speed-dating**, a novel activity, where you can have a free 'one on one' technical consultation with our R&D experts on your industrial problem or any particular subject.
